

Friendship through Philately

## PORTUGUESE PHILATELY

### An Invitation to Join

The International Society for Portuguese Philately was founded in 1961 to promote and encourage the study and collection of philatelic materials of Portugal and her past and present overseas territories.

An independent, non-profit organization, the ISPP is a unit of the American Philatelic Society. As of June 2000, the ISPP has over 350 members worldwide. Officers and Directors of the Society serve without compensation.

Applications for membership are solicited from all persons actively interested in Portuguese Philately. Full membership privileges are extended to juniors and to members overseas.

An award-winning quarterly journal, PORTU-INFO, is published by the Society. Each issue presents articles of interest and importance on and about Portuguese Philately, as well as information about pertinent auction realizations, reviews of philatelic literature and announcements or reports on Society meetings, of which there are several each year throughout the world.

ISPP membership benefits include a subscription to PORTU-INFO, the right to participate as buyer and/or vendor in the ISPP auctions, and access to the many ISPP services --Expertizing Committee, Translation Committee, Library (loans and photocopies), Literature Service (sales and exchange), and Estate Advisory Service.

ISPP dues for each calendar year are as follows:

For members in the US/Canada/Mexico \$25.00

For members in all other countries (all correspondence by airmail) \$35.00

The ISPP offers exceptional value to any philatelist. Please fill out the reverse of this page and return it with your remittance payable to the ISPP (checks need to be in US dollars only, if US denominated checks are not available the remittance must be in US bank notes) You can also use PayPal + 6%: [ISPP1962@sbcglobal.net](mailto:ISPP1962@sbcglobal.net) (\$26.50/year)

PLEASE SEND ALL CORRESPONDENCE TO:

Clyde J. Homen
